# Welcome to ISS International School

## Our Mission Statement

Our mission is to provide a multicultural educational environment for our students in which they achieve academic success, personal growth and become socially responsible and active global citizens with an appreciation of learning as a life-long process.

We accomplish this through an international and dynamic curriculum delivered by an enthusiastic and experienced faculty and staff in partnership with students, parents and guardians in a caring and supportive community.

## Culture Statement

In keeping with the mission, vision and values of the school, ISS aims to help each student reach his/her potential by maintaining an inclusive, nurturing and empowering learning culture.

This culture shall be fostered through ISS's programmes and operations. Our success in achieving our culture shall be measured through formal community feedback and a range of documented evidence.

## Beliefs and Values

ISS is a community in which we believe:

- The IB Learner Profile is the core of our teaching and learning practice
- Mutual respect and communication are essential to the educational process
- Our diverse multi-cultural community is essential to our identity
- All individuals are unique and valued
- All individuals are nurtured to achieve their full potential
- Self-esteem is developed in a safe and caring environment
- All individuals reflect on and inquire into their roles and responsibilities as global citizens
- We strive for academic excellence for all students.

The aim of our IB Middle Years and IB Diploma programmes is to develop internationally minded students who, recognizing their common humanity and shared guardianship of the planet, help to create a better and more peaceful world.

## The IB Mission Statement

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

## ISS Objectives

### ISS students strive to be:

**Inquirers:** They develop their natural curiosity. They acquire the skills necessary to conduct inquiry and research and show independence in learning. They actively enjoy learning and this love of learning will be sustained throughout their lives.

**Knowledgeable:** They explore concepts, ideas and issues that have local and global significance. In so doing, they acquire in-depth knowledge and develop understanding across a broad and balanced range of disciplines.

**Thinkers:** They exercise initiative in applying thinking skills critically and creatively to recognize and approach complex problems and make reasoned, ethical decisions.

**Communicators:** They understand and express ideas and information confidently and creatively in more than one language and in a variety of modes of communication. They work effectively and willingly in collaboration with others.

**Principled:** They act with integrity and honesty, with a strong sense of fairness, justice and respect for the dignity of the individual, groups and communities. They take responsibility for their own actions and the consequences that accompany them.

**Open-minded:** They understand and appreciate their own cultures and personal histories, and are open to the perspectives, values and traditions of other individuals and communities. They are accustomed to seeking and evaluating a range of points of view and are willing to grow from the experience.

**Caring:** They show empathy, compassion and respect towards the needs and feelings of others. They have a personal commitment to service and act to make a positive difference to the lives of others and to the environment.

**Risk-takers:** They approach unfamiliar situations and uncertainty with courage and forethought, and have the independence of spirit to explore new roles, ideas and strategies. They are brave and articulate in defending their beliefs.

**Balanced:** They understand the importance of intellectual, physical and emotional balance to achieve personal well-being for themselves and others.

**Reflective:** They give thoughtful consideration to their own learning and experience. They are able to assess and understand their strengths and limitations in order to support their learning and personal development.

## Expectations of ISS Students

Profile	Expectation
Balanced	<ul style="list-style-type: none"> <li>✓ Take at least one ECA</li> <li>✓ Spend time with others during breaks</li> <li>✓ Get sufficient sleep</li> <li>✓ Complete homework early</li> <li>✓ Commit to Community/Action/Service Activities</li> </ul>
Caring	<ul style="list-style-type: none"> <li>✓ Help others</li> <li>✓ Act as a buddy for new students</li> <li>✓ Maintain a clean school environment</li> <li>✓ Recycle materials using the appropriate bins</li> </ul>
Communicators	<ul style="list-style-type: none"> <li>✓ Ask for help when needed</li> <li>✓ Clarify homework deadlines if unsure</li> <li>✓ Inform parents/guardians about school events</li> <li>✓ Inform the School when late, sick or absent</li> <li>✓ Check your ISS email account daily</li> <li>✓ Use online learning platforms to access and submit work</li> </ul>
Inquirers	<ul style="list-style-type: none"> <li>✓ Ask questions, cross check information sources</li> <li>✓ Discover new things</li> </ul>
Knowledgeable	<ul style="list-style-type: none"> <li>✓ Complete all work to the best of your ability</li> </ul>

	<ul style="list-style-type: none"> <li>✓ Explore new ideas and concepts</li> <li>✓ Demonstrate your ability</li> </ul>
Open-minded	<ul style="list-style-type: none"> <li>✓ Respect all students and cultures</li> <li>✓ Allow everyone to have a say</li> </ul>
Principled	<ul style="list-style-type: none"> <li>✓ Arrive on time to school and classes</li> <li>✓ Always reference information from another source</li> <li>✓ Submit all work on time</li> <li>✓ Be honest</li> <li>✓ Use technology appropriately</li> <li>✓ Be prepared for all classes</li> <li>✓ Adhere to school rules</li> </ul>
Reflective	<ul style="list-style-type: none"> <li>✓ Review your performance and adapt to improve</li> <li>✓ Give positive feedback to yourself and your peers</li> </ul>
Risk-takers	<ul style="list-style-type: none"> <li>✓ Be involved in new activities</li> <li>✓ Challenge yourself</li> </ul>
Thinkers	<ul style="list-style-type: none"> <li>✓ Critically evaluate your work/research</li> <li>✓ Involve yourself in conversation and debate</li> </ul>

## Academics at ISS

ISS International School is a three-programme International Baccalaureate (IB) World School. This means that we follow the IB Primary Years Programme (PYP) in the Elementary School, the Middle Years Programme (MYP) in grades 6-10 and the IB Diploma Programme in grades 11 and 12.

Information about the IB Middle Years Programme and our K-12 Curriculum is available on our website using the following links:

### IB Middle Years Programme Link:

<http://iss.edu.sg/middle-school-curriculum/>

### ISS K-12 Curriculum Link:

<http://iss.edu.sg/learning-outcomes/>

## Academic Honesty

ISS Students are expected to be principled, therefore, know inherently that they must live up to the spirit of our ISS Academic Honesty Code.

Honour and integrity are qualities that all students should value and model as fundamental tenets of a healthy learning community. Accordingly, our students are expected to demonstrate personal respect for the Academic Honesty Code and to help all members of the ISS community uphold its principles.

*All students will submit work that is their own. Students may receive assistance on homework or in class assignments as per teacher-specified guidelines. Recognizing the cultural differences with our community, the ISS curriculum strives to educate students on the values of the Academic Honesty Code, and teach them how to abide by it.*

In teaching students about academic honesty we are preparing them for the demands of the IB Programmes (MYP and DP), as well as university and life.

## The ISS Language Policy

At ISS International School, students learn language, learn through language, and learn about language in an environment where they are actively engaged in asking questions and solving problems, making meaning, thinking reflectively and building enduring understandings.

ISS recognizes that the acquisition and control of language constitutes genuine empowerment for individuals in society, and that in order to adequately equip students for success in their lives, it is crucial that they develop proficiency and expertise in speaking, listening, reading and writing in a wide range of modes, and registers.

To this end ISS actively promotes additive bilingualism (the side-by-side acquisition of a second language along with a mother tongue), where students develop the ability to communicate effectively in a second language. In line with IB language policy guidelines, ISS also recognizes that, since language is central to learning, all teachers are responsible for both general and subject-specific language teaching at all levels.

**Language of Instruction:**

The medium of instruction is English. In addition to its function as such, ISS also promotes the explicit teaching of English language and literature through stand-alone subjects such as Language Arts in the PYP program and English A and English B in the MYP Programme. ISS is committed to providing students with a program that is most suited to their present and future needs in the context of an academically challenging environment.

**Support for Language of Instruction:**

Students join the ISS community from various language backgrounds and with varying needs of support. We support the needs of our linguistically and culturally diverse student body through the following approaches:

**Additional Languages:**

ISS is committed to a program of languages other than English, which promotes intercultural awareness and understanding, supporting our goal of developing global citizens. As a result, all students from Grades K1 to 12 study a language in addition to their mother tongue.

**Mother Tongue:**

In accordance with IB policy, ISS recognizes the importance of maintaining and developing a student's mother tongue.

The influence of mother tongue development is significant for all learners. It is acknowledged that the development of mother tongue language is crucial for cognitive development, and in maintaining cultural identity.

Mother tongues are supported in many ways by ISS. There are various cultural events in which the mother tongue is celebrated, and its usage is encouraged in a variety of contexts. Students are encouraged to self-reflect and to participate in self-assessment in their mother tongue where appropriate. In addition, our learning resource center provides literature in a variety of mother tongues. ISS promotes cross grade-level and cross-school opportunities for interaction within various mother tongues.

## Homework at ISS

The belief at ISS International School is that homework is an important part of becoming a life-long learner and is encouraged to enable students to realize that learning is not confined within the school environment. With encouragement and monitoring by parents

they can:

- i. Establish self-discipline and develop good study habits
- ii. Form a link between home and school
- iii. Have the opportunity to extend learning and reinforce skills.

*The time anticipated for completion of written homework tasks on a daily basis will be:*

- *Grades 6 & 7: approximately 45minutes to 1 hour + reading*
- *Grade 8: approximately 1 hour to 1.5 hours + reading*

#### **Our teachers:**

1. Assign relevant, challenging and meaningful homework that reinforces classroom learning
2. Provide clear instructions and make sure students understand them
3. Communicate with other teachers to avoid an overload of homework
4. Communicate with parents if a pattern of late or incomplete homework is observed

#### **Our students:**

1. Write down homework assignments for different subjects in the ISS School Diary
2. Ensure all assignments are clear
3. Set aside a regular 'homework time' on a daily basis
4. Establish a work plan to ensure time for both day to day homework and major projects.

#### **Our parents:**

1. Help to set a regular, uninterrupted study time for your son/daughter on a daily basis
2. Monitor your son/daughter organization of his/her daily assignments including computer usage
3. Be supportive when your son/daughter gets frustrated with difficult assignments
4. Establish a quiet and well-lit study area
5. Stay in touch with school/teachers to keep well-informed of your son/daughter's learning progress.

## **Assessment at ISS**

Our mission is to provide a multicultural educational environment for our students in which they achieve academic success, personal growth and become socially responsible and active global citizens with an appreciation of learning as a life-long process. We

accomplish this through an international and dynamic curriculum delivered by an enthusiastic and experienced faculty and staff in partnership with students, parents and guardians, in a caring and supportive community.

Assessment plays a crucial role in the achievement of these aims. Assessment is the gathering and analysis of information about student performance. It identifies what students know, understand, can do and feel at different stages in the learning process.

The assessment and reporting processes provide information to students, teachers, parents, and outside specialists who have responsibility for the student.

## Assessment Practices

Assessment at ISS is used:

- as a diagnostic process to identify the nature of assistance needed by students and to improve courses and units within the curriculum.
- as a teaching process to provide continuous feedback to students.
- as a means of determining the levels of achievement reached by our students.
- to inform parents of their children's progress.
- to allow the school to monitor the effectiveness of curriculum.

Assessment at ISS is recognised as an integral part of teaching and learning and is closely linked to IB requirements as set out in the guides to the three programmes offered by the school.

ISS recognises and employs two types of assessment, which interact and are mutually supportive:

- **Formative assessment** is an integral part of the learning experience. ISS recognises that the use of assessment in a formative sense, to judge regularly the effectiveness of both teaching and learning processes, is essential in allowing teachers and students to identify strengths and areas capable of improvement.

Formative assessment practices employed at ISS include: short oral and written tests; multiple choice and one-word answer tests; peer and self-assessment; self-evaluation rubrics; debates; role-play; oral feedback from teachers; reflective portfolios; discussions with students; exhibitions of work; cartoons and storyboards.

Objectives addressed by specific assessment tasks are shared with students and feedback is given as soon as possible. However, marks and grades do not derive from formative assessment.

- **Summative assessment** is the judgment made by the teacher of the standard of achievement reached by each student at the end of each stage of the particular programme. Assessment tasks at ISS reflect the objectives and assessment criteria of the programmes and are carefully chosen to measure the achievement level expected for the relevant age group. Summative assessment generates the marks and grades awarded.

Summative assessment practices employed at ISS include: in-class and ex-class essays; student presentations – live or PowerPoint; case studies; poster design; newspaper articles; use of developmental workbooks; assessment portfolios; observation of students; practical workshops and experiments; viva voce; research assignments; unit tests; standardised testing; formal examinations; videotaping of performance; persuasive, creative and analytical writing tasks; written responses to literature; letters and diaries; film and book reviews; listening and speaking tasks; comprehension exercises.

It is intended that students will be provided with the major assessment task(s) and criteria at the beginning of each unit and are given task-specific rubrics in order to assist them in the planning and creation of summative assessment tasks.

It is both a requirement of the IB programmes and an aim of all ISS teachers that students experience a variety of assessments tasks.

Pre-testing, in either oral or written form, is used to establish the current level of student learning before new units of enquiry are begun.

Each Curriculum Coordinator will review unit assessment tasks with each department or team members at least twice per year.

## Exams

Exams are one of the many different types of assessment used to inform student learning. All students will sit exams at the end of Term 2. These exams are set internally and help inform both teachers and students. Middle school exams are just one of the many assessments teachers use to judge the progress of each child.

## Grading

Grades at ISS derive from the criteria and objectives as set out by the IB MYP. Students receive their reported grade on a 1-7 scale.

7. An excellent comprehension and application of all materials. Scholarship is outstanding and far exceeds teacher expectation. Shows consistent evidence of analysis, synthesis and evaluation. Attitude is positive and beneficial to the entire class. Improvement is measurable and observable.
6. Above average comprehension and application of material. Work is consistently of a very high standard. Shows consistent evidence of analysis, synthesis and evaluation. Scholarship exceeds teacher expectations. Initiative, originality and creativity are commonly demonstrated. Attitude is positive and beneficial to other class members.
5. Overall performance is good. Comprehension and application of material is above average. Has a consistent and thorough understanding of required knowledge and skills. Scholarship is generally of a good standard. Higher order thinking skills, creativity and initiative are sometimes demonstrated. Attitude and cooperation are proper and beneficial to other class members.
4. Adequate comprehension and application of all materials. May show above standard performance in some areas and below standard in others. Is able to apply the required knowledge and skills effectively. Scholarship is maintained at a satisfactory level. All work is attempted. Attitude and cooperation are proper and acceptable.
3. Comprehension and application of most material covered barely meet minimum teacher expectations. Has limited understanding of the required knowledge and skills and can apply them only with support. Work in general is of adequate quality or less. Scholarship tends to be weak in most areas. Initiative is usually not evident. Attitude and cooperation are generally satisfactory, but do not necessarily have positive impact on other class members.
2. Comprehension and application of most material are unsatisfactory. Has difficulty in understanding required knowledge and skills even with support. Work in general does not meet the minimum requirements or is not turned in. Initiative is usually not evident. Attitude/cooperation is generally apathetic or neutral.
1. Failure to comprehend or apply most of the material presented. Scholarship is weak in all areas. Has difficulty in understanding

required knowledge and skills, even with support. Work in general is often incomplete, not presented or unacceptable. Initiative is not evident. Attitude can be either apathetic or uncooperative.

N/A (Not assessed): The student has not been enrolled for a long enough period of time to be assigned a grade or is taking the class for no grade. Students should normally be enrolled for five weeks or more in a quarter before a teacher can be expected to issue a grade. Exceptions may be made to this time period, either lengthening or shortening the period required before grading, according to the demands of the subject.

INC (Incomplete): The student must present an assignment or assessment in order to receive a grade. Incompletes are most often given to students who have excused absences and permission to complete the work after the end of the quarter or semester. All incompletes must be made up before the end of the next quarter or the grade reverts to what the student has earned without the missing work.

W (Withdrew): Student withdrew from the class. No passing grade or credit given.

## Technology @ ISS

ISS International School is a one-to-one laptop school for grades 7-12. All students in grades 7-12 are required to bring their own Apple laptop to school. More information on the how to order and purchase a laptop is available by contacting our IT department at [itpaterson@iss.edu.sg](mailto:itpaterson@iss.edu.sg)

ISS has a specific software model that covers all software used in school; students will be required to bring their laptops to the IT department for installation of the software. When the student leaves ISS the installed software will be removed.

All ISS students are required, prior to Admission, to sign an Acceptable Use agreement, which stipulates expectations in the use of Technology. This is outlined below and students in violation of this will incur the sanctions outlined within.

## Technology Acceptable Use Policy

*Continued enrolment in ISS is contingent on full agreement with these terms and conditions.*

## **Guidelines for appropriate use of computers and computer facilities**

The ISS network is provided for students to facilitate resource sharing, innovation and communication. All students are given access to the network with an individual account. All facilities must be regarded as privileges, which may be withdrawn at any time. The school intends that students will become familiar with and competent in the use of the appropriate skills, and judgment required to deal with a range of available information.

Any behavior that interferes with these primary objectives will be considered an infringement of the ISS International School Acceptable Use Policy, which has been distributed to all families. The overview contained in the diary is designed to provide a friendly summary of the AUP and a constant reminder of the expectations of students when using the schools' computer facilities.

All student laptops must have a student account installed with the ISS software model along with an Administrator account that must be accessible to ISS staff when on the school network. Students must not use any account other than the allocated student account. Failure to do so will result in removal from the network.

## **Network**

Network accounts are to be used only by the owner of the account. Whilst ISS will take due care in regard to data backup, it is the student's responsibility to make backup copies of their work, and as such, the school takes no responsibility for data loss.

- Students will use only their authorized logon details and will store all files in their personal home directory.
- Students are not to attempt to log into the school network with any username or password that is not their own, or change any other person's password. This includes using an alternative account on student laptops.
- Students must not disclose their usernames and passwords to anyone other than teachers or network administrators. Students are responsible for all activity that occurs on their account including storage of materials on their personal home directory.
- Students will not delete, copy or alter any file or material that is left on an unsupervised computer. If a student finds an unsupervised computer they are to log out immediately.
- Students are not to play games across the school network.
- Students are not permitted to use, possess, download or search for any program that is designed to reduce or bypass network security.
- Students must not store or transmit copyrighted material on the school network.

## **Hardware and Software**

This applies to both existing computers within the school and the Macbook that is part of the ISS 1to1 Laptop programme.

1. Students are not to adjust any computer hardware. If the computer that a student is using is faulty, they must immediately inform the supervising teacher or technician.
2. Students are not permitted to move, unplug, disconnect or attempt to change settings on any computer equipment.
3. Students are not permitted to add or delete software or change the settings on any computer (unless overseen and approved by the school technician in the case of laptops).
4. Students are not to add games, trial or free computer software on a computer account that accesses the school network.
5. Students must not eat or drink in computer labs, or near any students' laptop.

## **Printing**

1. In an effort to minimize erroneous printing, students are to only print documents after a spell check and print preview has been undertaken. All word documents that are printed must have the student name in the footer to identify the student.
2. Students are not to print materials directly from the internet. Any information that needs to be printed from the internet should first be copied and pasted into a word document.
3. Students are limited to \$60 of printed material per semester. This includes both printing and photocopying. This limit is not negotiable.
4. Students have access to color printing, but may only print to the color printer with the permission of the teacher. Color printing is not expected for any internal assessment at the school and no teacher will insist on this.

## **Internet**

1. The Internet is provided to assist student's the education and is to be used with permission. As such students will use the Internet for appropriate educational reasons as directed and supervised by a teacher or adult.
2. The Internet is not a moderated medium, therefore the school will endeavor to provide an environment that is as safe as possible and that materials accessed are not offensive or inappropriate. To this end, the school has software in place to monitor student laptops and computers. In the end, it is however the students' responsibility to ensure that the materials accessed are considered appropriate and do not violate school rules.
3. Students are not to give the school name unless given permission by the teacher for personal privacy and safety reasons.

4. Students must be careful to read copyright restrictions on websites and abide by these restrictions.
5. Students need to be aware that copying and pasting text into an assignment is plagiarism and is a breach of copyright laws. Any text quoted must be acknowledged correctly using the Harvard referencing format.
6. Students will not look for distasteful images or bad language whilst online and will report any sites containing this if they come across them accidentally.
7. Students understand that they can only access sites relevant to educational work in school and that they are not permitted to access or look at sites containing inappropriate material (which includes pornography, sexually explicit, racist or discriminatory material).
8. Internet chat rooms and chat clients are not to be used within the school. Students, if required to chat as part of a course, will be allocated supervised times to do so but more likely will be chatting in a moderated, internal learning management system environment that is accessible only to students of ISS.
9. Students must not attempt to deliberately hack into the ISS network or any network. This is a serious offence and may result in criminal charges.
10. Students are not to download software from the internet (including screensavers, games, video clips, audio clips, \*.exe files or trial software).
11. Students need to understand that not all information on the Internet is reliable, accurate or timely.
12. Students should not save or send electronic material (text or images) that is copyright restricted, inappropriate, offensive, annoying or that invades another person's privacy.
13. Any electronic communication sent or received via the ISS network can be monitored at any time without warning.

### **Laptop Specific**

When using a privately owned notebook computer as part of the ISS 1to1 Laptop programme students are responsible for the content of all files on their computer. Furthermore,

1. When connected to the network, the school will be able to monitor programmes and files on any students' computer.
2. Students accept responsibility for any materials accessed or viewed that may cause offence to others.
3. All student laptops must be brought to school fully charged each day. Students are also expected to demonstrate "power courtesy" when charging laptops on the school campus.
4. Any student laptop that is found to have software other than that specified by the school installed and accessible on their school accounts will have the software removed by ISS technical support, and will be charged \$50 for this process.

## Consequences

More than one penalty may apply for any breach of the ISS Acceptable Use Policy depending upon the severity of the breach. Repeat offenders will also be dealt with more harshly than a first time offender.

- Temporary ban on using computers (School or Laptop)
- Removal of Internet access privileges
- Removal of any illegally installed software
- Removal of Home directory and network access
- Detention
- Paying to replace damaged equipment
- Removal from classes where computer use is involved
- Suspension or expulsion from the School
- Involvement of law enforcement

## Communication Tools

### Emails

All ISS students will be given an ISS email account. This is their student number at the ISS address, e.g. [12345@iss.edu.sg](mailto:12345@iss.edu.sg). All students are required to check this email daily for important messages. This email address may also be used to communicate with and send work to teachers.

### Online Learning Platforms

ISS uses ManageBac as an online environment with students. Students will be required to learn how to use ManageBac as the main tool for receiving and submitting assignments.

### Printing at ISS

In the Middle School, teachers will talk to you about which printers to use. Color should only ever be used for final copies that have been approved by teachers.

### Use of Other Devices

The use of devices such as Handphones and mp3/mp4/ipods/tablets is not permitted during the course of the school day, unless teachers permit their use during specific lessons. Please refer to the specific sections in the “Organization” section of the handbook to find out more about these issues.

## ISS Middle School Code of Conduct

In order to achieve our school's mission to promote academic success, personal growth, social responsibility and global citizenship systems have been put in place to ensure the smooth functioning of our school community. At each school division practices related to all aspects of student life have been created with our ISS school beliefs in mind. At ISS International School we believe that:

- The IB Learner Profile is the core of our teaching and learning practice  
*Our talented teachers create conditions and model behaviors which support students to have the opportunity to be: knowledgeable, reflective, risk takers, thinkers, communicators, principled, open minded, caring and balanced. Students are expected to respect the efforts of others as they work towards these goals.*
- Mutual respect and communication are essential to the educational process  
*Communication between students and adults on our school campuses must be conducted in ways that are both respectful and clear. It is the responsibility of all members of our community to be active in the promotion of a healthy culture of communication.*
- Our diverse multi-cultural community is essential to our identity  
*We proudly recognize the many different nationalities, religions and cultures represented by our students. It is the responsibility of each member of our school community to honour the uniqueness of each student.*
- All individuals are unique and valued  
*Each student brings with them differences in background, learning style, and talent. The school celebrates this diversity and encourages students to value each other's unique perspectives and contributions to our school community. Because of this belief, we expect all students to respect differences that exist among individuals.*
- All individuals are nurtured to achieve their full potential  
*It is each student's responsibility to work to the best of their abilities and encourage others to do the same. Each student has a role in creating a positive learning environment.*
- Self-esteem is developed in a safe and caring environment  
*Working together, students and teachers are responsible for developing and maintaining an environment that promotes learning and personal growth. Students are*

*encouraged to become leaders in supporting a healthy and safe school culture.*

- All individuals reflect on and inquire into their roles and responsibilities as global citizens  
*Through school lessons, service opportunities and extra curricular activities students develop a sense of community that goes beyond the ISS campus. As ambassadors for the school, we expect students to represent us well both on and off the school campus.*
- We strive for academic excellence for all students  
*Students are responsible for trying their best at school in ways that reflect hard work and honesty. As part of the school community, it is essential that all students work to create conditions that enhance learning.*

Our “Code of Student Conduct” has these beliefs as its foundation. In the pages that follow, you will find information related to how the school will react when students do not adhere to our community standards. Our belief that *all students are unique and valued* requires us to treat each incident involving children as an important opportunity for learning and reflection. It is not the intention of our Code of Conduct to be an exhaustive list of actions and consequences. Rather, these pages serve are meant to inform parents about the guidelines our school professionals use when confronted with particular student issues.

## ISS Chart for Disciplinary Consequences – Middle School

LEVEL and DESCRIPTOR	PROCEDURES		STUDENT BEHAVIOUR EXAMPLES
<b>Level 1</b>  <i>Low-level disruption in or out of class.</i>	<i>Staff Involvement</i>	Class teacher, teacher involved, homeroom teacher as appropriate.	<ul style="list-style-type: none"> <li>• Inappropriate clothing in class.</li> <li>• Disrupting others.</li> <li>• Inappropriate classroom or playground behavior.</li> <li>• Unexcused lateness to classes.</li> <li>• Inappropriate behaviour on school vehicles.</li> <li>• Failure to follow teacher</li> </ul>
	<i>Range of possible consequences</i>	Apology- letter or verbal statement.  Isolation.  Time-out.  Detention.	

		<p>Work duty.</p> <p>Confiscation of electronic device. 	<i>Range of possible consequences</i>	Meeting with parents/guardians.  Letter to parents/guardians.  Letter of apology.  Temporary exclusion.  Permanent exclusion.	

## Student Support

ISS offers a wide range of student services and prides itself on its extensive programme of counseling and pastoral care. Numerous professionals at ISS work together in contributing to the personal and academic success of our students, including our School Counselor, Learning Support Teachers, Guardianship Coordinator, Homeroom Teachers, and our MYP Coordinator. Our strength is our low student to staff ratio, which provides students with a very high level of support at ISS.

## Academic Support

In the Middle School, students may volunteer or may be asked to attend the after school support club ROW (Reading, Organization, Writing). In addition, teachers will run extra Math and Science sessions to support student success.

## Counselling

The School Counsellor is often the first point of contact when a student has a personal concern. Counselling services are provided for students individually and in groups, on a range of issues such as emotional or psychological problems, family problems, relationship issues, addiction, peer pressure, bullying, lack of motivation, lack of effort, and stress. Parents and teachers are at times contacted to help the counsellors get a holistic picture of the student. If necessary, the School Counsellor provides referral services to appropriate community agencies.

In the Middle School, the Middle School Homeroom teachers do the majority of counselling. More significant counselling matters are brought to the School Counselor, who provides counselling support and referral services.

ISS firmly believes in working in partnership with parents and guardians on the problem solving process that accompanies a "Student Intervention Program". To this end, from the moment a student is deemed 'At Risk', the Student Services Team meets to set the stage for changing the learning circumstances for the student who is having problems.

At ISS, the Student Services Team includes, but is not limited to the following:

- Counsellor(s)
- Student Support Teacher(s)
- Guardianship coordinator
- School Nurse
- Assistant Principal/ Middle School Principal

Using as much data as possible, a plan of action is put into place to bring about the needed change and improvement.

### ESL Support

ISS has a very strong English as a Second Language department who support students who are learning English. All non-native English-speaking students applying to ISS Middle School will be subject to an English Entrance Test. Students who do not meet our minimum entry requirements may be placed in an intensive English course. ESL students will be provided in class support in some lessons until their English improves but there is a mandatory additional fee for this. Re-testing is undertaken twice annually.

### Guardianship

The Guardianship Coordinator plays a part in caring for ALL students who live in Singapore without their parents in full-time residence in Singapore. The job includes:

- Recruiting suitable guardians for ISS students;
- Being a part of the enrollment process for every new student living in Singapore without his or her parents. This is important as we must ensure that ALL ISS students under guardianship live with an ISS listed guardian so that we can be sure that all guardians fulfill the expectations that we have of them both in terms of caring for the students and by working with the school to maximize the students' chances of success.
- Discussing all potential changes of guardian with students, parents and guardians *before* such changes of guardian occur.

### Learning Support

A student with Special Needs is a student with ADHD, Dyslexia, Asperger's Syndrome and other mild learning difficulties. The Learning Support teacher provides direct support and/or monitoring as appropriate to help these students experience maximum success in their studies.

### Parent Workshops

ISS offers numerous workshops for parents. Some workshops are held during the day, and some are held in the evening. These workshops are a great opportunity for parents and guardians to learn more about various aspects of ISS, from reporting to our laptop programme to assessment to our activities programmes etc. Please refer to our separate Parent Workshop Calendar for more information about our yearly workshops.

### Progress Concern Reports

Progress Concerns are one way in which we inform parents of concerns that we have regarding a student's progress. These will be emailed/or sent to parents. A copy of progress concerns is kept on a student's file.

## School Nurse

The Middle School Nurse is on duty from 7.30am – 4.30pm daily. Her office is located in the Elementary School Office.

The nurse treats minor injuries or illnesses, performs minor first aid, and maintains health details of students. In the event that the nurse needs to send you home, she will first call your parents and ask them to collect you. Alternatively, she will ensure that an adult is home to receive you when you arrive home and send you via taxi with parental consent. She will also ask that you call the school to let us know when you get home.

In the event of a serious injury or illness, the nurse will contact parents or guardians so that you can be transported to a medical facility for further attention. See also "Medication in School".

## School Life

### An A-Z of Life at ISS

### Assemblies

Middle School assemblies are scheduled every week on a Monday. Assemblies are used to celebrate student achievements, community events and give out notices. The Student Council and homerooms sometimes run assemblies.

### Attendance

#### Attendance Policy

*There are three types of absences:*

1. **Excused Absence** – Students who are absent for a day due to sickness or other emergency must bring a note or medical certificate to school to explain the reason why they could not attend school. Parents/guardians must telephone the school office on the morning of the absence to alert the school as to the absence. Failure to do so makes it difficult to account for all of the students and may compromise the student's safety. After an explained absence, when students complete the work that they missed, grades will be awarded.

Excused absences may be granted for such things as a serious or long-term illness, an accident, to attend the funeral of a close relative, or to sit for an entrance exam. The principal of the school must approve an excused absence in advance. A parent or guardian must apply for the excused absence by email or letter to the school. Upon return from the excused absence, the student must submit written proof of the exam or other event for which the absence was excused. All work

missed during an excused absence must be completed within a reasonable time agreed to by the teacher and student.

2. **Unexcused Absence** - No medical certificate or note or telephone call from parent/guardian explaining the absence has been presented to the school. No grades will be awarded for make-up work completed and the student risks further disciplinary action.

Unexcused absences may also take the form of a family event or vacation related absences. In all cases of planned absences, parents/guardians must inform the school via email regardless of whether or not the absence is excused.

*Note: The Singapore Immigration Department requires the school to notify them of any student in Singapore on a Student Pass who fails to make 90% attendance in any month. In calculating the 90% attendance, we are permitted to include "Excused" and "Medical" (explained) absences. In addition, any Student Pass Holder absent without a valid excuse for 7 or more consecutive days will be reported to the Immigration Department.*

### Leaving School Early

Maximum class attendance is encouraged at all times. To support this the following attendance regulations apply:

1. Students are not allowed to leave school before the end of the school day. Approval to do so must be granted in advance by the School Principal or the School Nurse.
2. Visits to the Immigration Office/Doctor/Dentist, etc., should be scheduled outside of school hours wherever possible.
3. Students who have been given approval to leave early must sign the Sign Out Book in the School Office, and liaise with their subject teachers to catch up on missed work. They should also check their email account.
4. For the sake of consistency with the many requests sent to the main office by parents/guardians, students who are absent for more than half of the school day for any reason will be marked "absent" in the school's official records.

### Missing Individual Classes

If a student misses a class by deliberately "skipping class," he/she will face disciplinary action by the school in addition to being required to make up any work missed.

### Sickness During The Day

Any student who is feeling too ill to continue classes should report to the School Nurse. Permission to return home may be granted by the

School Nurse or the relevant School Principal. In such a case, a student will not be sent home until the school has permission from the parent or guardian to do so.

#### Unauthorized Absences (Truancy)

Attendance at all assigned classes is mandatory. Any unauthorized absences will be recorded and the school's Code of Conduct will apply. Offenses should be reported to the principal.

#### Activity Week

Annual participation in the school's Activity Week program is compulsory for middle school students. The purpose of Activity Week is to encourage community-building, risk taking, and service among our students.

Overseas Activity Week trips are organized by grade level. Information booklets are distributed to parents several months prior to Activity Week. Although every effort is made to organize Activity Week programs in safe and stable destinations, international instability and health concerns may arise. The school reserves the right to cancel Activity Week programs due to safety concerns. Refunds are not always possible in these situations. ISS and its agents and partners are not liable for loss of funds due to cancellation due to security/safety concerns.

For students who are unable to attend their grade level Activity Week trip due to medical, visa or other similar reasons, the school has organized a local Activity Week trip based in Singapore. Students who are unable to travel overseas for Activity Week are required to take part in the local trip. Details of this trip option will be communicated to parents and guardians well in advance of Activity Week.

Activity Week participation and attendance is an ISS school requirement and recorded formally on student transcripts.

*Note: The school reserves the right to make decisions of student placement on any trip*

#### After School

Students may stay after school for any number of reasons including attendance at ECA's, library research or after school help with teachers. For safety reasons, each middle school student must sign in with a supervising teacher or in the main office in cases of independent library study.

## Arts at ISS

All students in Grades 6 and 7 take part in Visual Art, Drama and Music on a rotating basis. In grade 8, students choose their Arts option for their timetabled courses.

There are many opportunities for students to become involved in the Arts outside of the classroom. The Middle School has run a succession of popular musical extra-curricular activities (ECAs) including guitar, drums, and keyboards. There are a variety of drama productions through the year, including plays and the annual United Nations Concert.

## Books & Supplies

At the start of each school year, the School will supply an initial set of exercise books/stationery. Individual teachers may request specialized equipment for students to purchase; if this is the case the teachers will inform them.

Students must

- Keep a proper file for each course which includes securing all notes, handouts, tests, and other class materials securely in a file or arch-file.
- Student's name, class, and teacher's name should be displayed at the front of the file.
- The file should be properly organized.

## Text Books

These are provided for all subjects such as required. Due to the holistic nature of the MYP, resources are not limited to one specific textbook for every subject. Therefore students will not always be issued textbooks. Any questions about the texts used may be directed to the specific subject teachers.

## Buses

If transportation has been arranged by school bus, it should be noted that buses leave school 10 minutes after classes are dismissed (approximately 2:35pm at the Middle School). The school bus service contact is:

Email: [schoolbus@iss.edu.sg](mailto:schoolbus@iss.edu.sg)  
Mobile: 9663 6100

Bus concerns should be directed to the above number.

## Canteen

The cafeteria is outsourced to a local vendor who provides a variety of food options each day, including an Asian and a European meal option. Alongside this there are a variety of lighter options available. Meals are cooked off-site and transported in. The menu is on the School website a month in advance.

All students must handle food and drinks responsibly:

- Water is the only permitted drink in the classroom or hall
- Students must discard their own trash in the canteen and from picnic tables
- Cans and plastic bottles should be placed in the recycling containers provided

## Change of Address

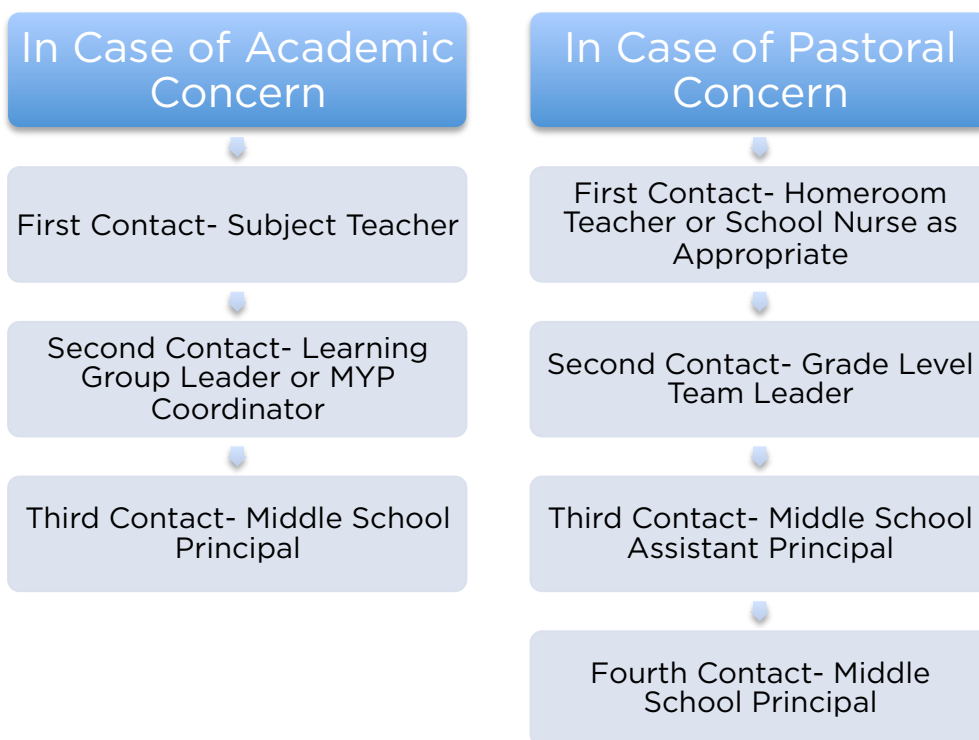

Please advise the relevant school secretary of any change of address, email address or telephone number. It is vital that in the event of an emergency, we should be able to contact parents and guardians immediately. Changes of address forms are available in the school offices and on the school website.

## Communication

For all pastoral matters, parents/ guardians should first contact their child's homeroom teacher. For all academic concerns parents should contact the relevant subject teacher or the Grade 6-10 MYP Coordinator. Staff email addresses are available on the ISS website: <http://iss.edu.sg/middle-school-faculty/>

For other matters parents can contact the Assistant Principal or the Middle School Principal.

See the chart below for communication progression protocols.

### Community and Service and CAS

All students in grades 6-8 are required to participate in Community and Service activities as part of their academic programme. We do however encourage students to take the initiative to create their own opportunities to become involved.

### Daily Routine

Middle School	
8:00am	Homeroom
8:10am	1 <sup>st</sup> period
8:55am	2 <sup>nd</sup> period
9.40am	Break
10.00am	3 <sup>rd</sup> period
10.45am	4 <sup>th</sup> period
11.25am	Lunch
12.10pm	5 <sup>th</sup> period
12:55pm	6 <sup>th</sup> period
1.40pm	7 <sup>th</sup> period
2.25pm	End of Day
2.45pm	Extra Curricular Activities Begin

Homeroom is every day, from 8:00am to 8:10am. Attendance is taken in homeroom, and daily announcements are read.

### Extracurricular Activities (ECAs)

Various activities are available to students and it is compulsory for students to undertake one. These activities range from sports, drama, music, dance, student council and yearbook publication to charity fundraising and academic clubs such as Math and English as a Second Language. Core ECAs are offered every year and additional offerings are determined every school year based on the students' interests as well as faculty ability to conduct the activities. Outside expertise is sometimes used to enhance the programme. In such cases, additional fees may be charged.

Extracurricular activities may be held either during the lunch break or after school. The School generally provides one-way (sometimes two-way) transportation for students. Snacks, admission charges and other extras are the responsibility of parents/guardians.

Students may also participate in ECA field trips, which are held outside school hours. The purpose of these field trips is to encourage student and faculty interaction and develop students' sense of responsibility and their social skills.

- All students must undertake at least one extra-curricular activity. See our ECA Coordinator (MS) for information on available ECAs.
- Every student is expected to participate in at least one extra curricular activity each term throughout the year.
- Once students register for an ECA they are committed. They are expected to attend every week.

### Electronic Devices (Phones, Electronic Device, MP3s etc)

Students are encouraged not to bring any electronic devices to school other than their laptops. The school is not responsible for lost or stolen items.

- Hand phones are not to be seen or heard on school grounds, before 2.35pm in MS.
- Classroom teachers may set their own expectations for students listening to music in class (in some cases it is appropriate when students are working independently on class work etc.).

### Electronic Dictionaries

Students who have English as a second language are required to provide a translation dictionary. Electronic dictionaries will not,

however, be permitted in examinations or specified class assessments.

### Email addresses

Email is one of the main forms of communication at ISS, therefore it is essential that all students check their ISS email address daily. The email address will start with the student's database ID number e.g. [12345@iss.edu.sg](mailto:12345@iss.edu.sg)

### Evacuation Plan and Fire Drill

On the emergency map of each campus there is an evacuation plan for the School. All members of the community should familiarize themselves with this and the assembly point in case of an emergency. Red flashing lights will accompany the fire siren.

### Fasting

Students who are fasting for religious or health reasons should inform their PE teachers in order to be excused from certain physical activities. In addition, provision will be made for students to sit in areas other than the canteen during lunch.

### Homework Diary

Each student is issued with one Diary/Handbook. The handbook must be kept with the student at all times. Students are not permitted to tear pages from their diaries. Lost or otherwise damaged diaries must be replaced, at a cost of \$30.00 per diary.

- You must bring your homework diary every day and use it to record all of your homework.
- Homework diary should be brought to every class.
- All homework and other work assigned should be copied into the homework diary.

### House System (Newton, Somerset, Raffles and Orchard)

All students will be assigned to a house on arrival at ISS. They will then compete in a variety of physical and cultural activities to gain house points. At the end of the academic year the House Trophy will be presented to the winning team.

### Illness

Please refer to the attendance section for guidelines if you are ill.

## Lateness

### Late to school

1. A student who arrives at school after the end of homeroom must report to the School Secretary and sign in late. This is a campus safety requirement.
2. If a student is late for school on more than one occasion in a week, parents/guardians will be informed.
3. A student who is not present at the start of homeroom will be marked as late and this will be recorded on school reports.
4. A student may receive a detention for continued lateness to school/class. Escalating consequences apply for continued lateness.

## Laptops

ISS is a laptop school, all students from Grade 7-8 are expected to have an Apple Mac laptop, all students must sign the acceptable use policy for IT and submit their laptop to the IT department before they start using it in school. Details of our laptop programme may be found on our website.

### ***Lost Laptop Procedures***

#### Lost Laptop – In School

1. All lost laptops must be reported immediately to the School Office.
2. The School Office notifies Technical Support and the IT Integrator.
3. Technical Support and the IT Integrator follow the ISS lost laptop recovery procedure.
4. In the event the laptop is stolen, the School will notify parents and Apple with serial numbers.
5. In the event a laptop is stolen, students and parents may choose to notify the police and will need to notify their insurance company.

#### Lost Laptop - Out of School

1. Student to contact relevant authority (Bus/Train/Taxi)
2. If stolen, police to be contacted. School has serial numbers of machines registered with them
3. All lost laptops must be reported to the School Office at the earliest possible time.

#### Found Laptop – In School

- Found Laptops are to be submitted immediately to the School Office.

## Library/Learning Resource Centre

We have two libraries at ISS: one in the High School and one on the Paterson Campus. Students have access to the library throughout the school day. It remains open until 4pm each day. Students can also access the resources held and many others on the web through ISS Online at [www.iss.edu.sg](http://www.iss.edu.sg).

The Library has access to a number of ebooks online that students can download to their laptops for the same duration as lending a regular book. At Paterson there are also ipods available with books preloaded.

## Lockdown Procedure

ISS has an emergency lockdown procedure. In the event of the lockdown siren sounding, all persons on campus should make their way to the nearest available room, lock themselves in, take cover under the desks away from the windows and wait for the 'all clear' signal. Students are expected to familiarize themselves with the procedures as outlined in the ISS Emergency Procedures Manual.

## Lockers

At the beginning of each year, each student will be assigned a locker, and a locker key. The key must be returned at the end of the year. A \$25 (plus GST) fine is charged for lost keys (to replace the lock system).

## Lost and Found

It is important to have all items of clothing properly labeled. This enables found items to be returned to the rightful owner. Labels with the student's name sewn onto all clothes are a good way to identify clothes. Laptops, Calculators and other electronic devices should be labeled with the student's name.

If you lose anything you need to:

- Check the area you were in. It is possible it is still there, but has just been moved.
- Check the garbage bins nearby.
- Check the bathrooms.
- Check with the School Office.

In the event you have lost your laptop, you must report it immediately to the School Office.

We have a procedure in place to attempt to recover laptops as soon as possible.

Note: Cleaners, maintenance staff, and bus drivers are instructed to submit all lost items to the School Office. If you find anything, please bring it immediately to the School Office. We will ensure it gets back to its worried owner.

Although ISS students are enormously friendly and honest, valuable items are risky to bring to school or to leave around. Students should protect their property by not bringing unnecessary valuables or large amounts of money to school, keeping valuable items that you do need in school such as laptops with you or in your locker (locked) at all times. Items that are unclaimed eventually will be donated to a local charity.

### Lunch

The canteen serves a set meal, inclusive of a drink, for \$5.50. Snacks are available daily. The menu is posted on the website a month in advance. Middle school students buy on the day or bring in their own packed lunch. Students are not permitted to go off campus, or to order from take-away restaurants. Fridges and microwaves are also provided for student use.

### Medication in School

Students must not self-medicate, except in the case of inhaled asthma medication (i.e. mobile ventolinpuffers). In the event that a student must take medication on campus, parent permission must be clearly given in writing, and a doctor's referral letter must also be on file along with a copy of the prescription. The doctor's letter must indicate the nature, purpose, amount, and frequency of the medicine. The clinic does not administer Panadol, Tylenol, ibuprofen or other similar medicine.

### Parent/Teacher/Student Conferences

Conferences are held twice a year. Middle School students are encouraged to attend conferences with their parents.

### Physical Education

PE lessons frequently take place off campus. Students will need to be organized to ensure they are changed and at the departure time punctually. All students should wear the ISS PE kit and bring a water bottle to every class. Sunscreen, sunhat, mosquito repellent and

other items such as swimming aids should be brought on an “as needed” basis.

### School Hours

Paterson Campus: The School day is from 8:00am until 2.25pm for Middle School.

Attendance is taken during Homeroom at 8:00am. Students are considered late to school if they arrive in homeroom after 8:00am. Students who arrive at school after 8:10am must sign in to school at the School Office.

### Sports

The international schools in Singapore have a very strong sports league. Students at the middle school can try out for numerous teams to play in the different seasons. Some sports available include:

- Football/ Soccer
- Volleyball
- Basketball

This list is not exhaustive and if there is enough interest and coaches other sports will be considered. Training for these sports will take place normally twice a week.

Students will be taken to the venues to play by school bus, a return bus is also sometimes provided, but students usually make their own way home after they have finished. Further details regarding the competitive sports programme can be obtained from the Athletics Director (HS) or the ECA Coordinator (MS).

### Student Council

Student Council ensures that the needs of the greater student body are being addressed and met, as well as channelling their opinions and voices to the appropriate venues. The group of students, traditionally comprising of a President, Vice President, Secretary and Treasurer, with representatives from each grade level, are also responsible for organising such events as discos, new student orientation and school ‘free dress’ days. Additionally, they may work to implement new initiatives such as healthier choices in the school cafeteria, or the addition of useful appliances to the campus, that they feel are in the best interests of the school.

## Taxi Entry to School

At the Middle School, taxis are only permitted inside the campus during morning drop-off prior to school starting or at the end of the day after the buses have departed.

## Timetables

Middle School timetables are issued by homeroom. Middle School timetables contain the subject name, classroom location and teacher.

### Sample Middle School Timetable

	Homeroom 7:55 - 8:10	1 8:10 - 8:35	2 8:35 - 9:40	Break 9:40 - 9:55	3 10:00 - 10:45	4 10:45 - 11:30	Lunch 11:30 - 12:15	5 12:15 - 12:35	6 12:35 - 12:45	7 12:45 - 14:25

## Uniform

The Corporate Industries (TCI) is the official supplier of uniforms for ISS International School. Only official ISS uniforms may be worn.

### Retail Shop Purchase:

The Corporate Industries  
11, Changi Shouth Street 3  
#04-08 Builders Shop Building  
Singapore 486122

### Online Purchase:

Log on to [www.tci.sg/iss](http://www.tci.sg/iss) for online purchases

ISS dress code requires that students should be responsible for presenting themselves neatly for class and at all times when in school for school functions. Students must be dressed in official uniform

within the first week of starting school. Students who continually come to school out of school dress code may be sent home to change, and their parents notified.

### *Uniform Policy*

All students must wear the correct uniform (new style as of 2014-15 school year). School staff shall be the judge of compliance/noncompliance of school dress code.

### *Additional ISS Student Uniform Standards*

1. Hats may be worn during free dress days, lunch breaks, or during PE.
2. Students should not wear their PE uniform to school as a substitute for their normal school uniform
3. Boys should wear only ISS shorts. Girls are permitted to wear ISS shorts or skirts.

### *Footwear*

Students should wear sensible school shoes or training shoes. Shoes should have a closed toe. Trainer/sport shoes or boots (not calf length) are acceptable footwear. Sandals or slip-on shoes are not permitted except during the swimming unit or in the event of a medical injury.

### *P.E. Uniforms*

P.E. uniforms are T-shirts with the ISS logo and the official ISS PE shorts. In the interest of safety, no jewelry may be worn during P.E. classes.

### *Clothing Fit and Condition*

Clothing must fit properly. Students who purchase baggy uniforms will be asked to tailor them to the appropriate size. Clothing must be neat and presentable, and must not have holes, tears, have frayed edges, or be faded, dyed, or coloured in any way.

### *Rings, Jewelry, Studs and Hair*

The code outlined below applies to all ISS School students.

**Earrings** and studs are permitted only in ears. All earrings must be discrete in color and size.

**Rings** are not permitted on other body parts e.g. nose, eyebrow, etc. The only exception is where rings form a part of cultural attire, e.g., Indian subcontinent female students. This exception would be granted upon receipt of a formal letter of request from parents/guardians.

**Nose/Other Studs:** only one simple and very small stud is allowed if for religious reasons. Large or decorative studs are not acceptable anywhere.

**Hair:** Long hair is permitted but must be kept tidy. Hair must be kept out of student eyes at all times; eccentric hairstyles or dreadlocks are not permitted.

**Hair colour:** Eccentric colours that are a complete change from a student's natural color are not permitted, in alignment with Singapore expectations in local schools.

**Jewelry:** Only discrete jewelry may be worn. Large, bulky or colorful necklaces or chains may not be worn.

### Free Dress

Free dress is a substitute for school uniform. Students are still expected to be modestly and neatly attired. No ripped or torn clothing and no offensive logos should be worn. Footwear and jewelry adornment must be in compliance with dress code (see "Dress Code" section below). Baggy or ripped clothes, or flip-flop sandals may not be worn. Students may wear hats / caps to school on Free Dress days, but they are not to be worn indoors, or in the halls.

Students who come to school in unacceptable clothing may be sent home to change.

### *Free Dress Days*

On the last Friday of each month and other special days requested by the Student Council in consultation with the School Principal, students are allowed to come to school in "free dress". Students who do this are required to contribute one dollar that will be used to support Student Council or charitable activities. Contribution amounts may vary.

### Valuables

Students should not bring valuable items or excessive cash to school. The school will accept no liability for any such items lost or damaged on or off campus. Should the occasion arise where a student must bring cash to school, then it may be deposited in the School Office and can be collected at the end of the school day or when needed.

### Visitors to School (i.e. friends or ex-students)

Please note that visitors (i.e. friends visiting you on campus) must be pre-approved by the Principal. We do not allow students (even ex-students visiting the school) to attend classes; therefore, if approval is given it is usually for lunch or ECA time.

# ISS Middle School Map

## Paterson Road Campus
